4. First aid measures

4.1. Description of first aid measures

General	In all cases of doubt, or when symptoms persist, seek medical attention. Never give anything by mouth to an unconscious person.
Inhalation	Remove to fresh air, keep patient warm and at rest. If breathing is irregular or stopped, give artificial respiration. If unconscious place in the recovery position and obtain immediate medical attention. Give nothing by mouth.
Eyes	Irrigate copiously with clean water for at least 15 minutes, holding the eyelids apart and seek medical attention.
Skin	Immediately flush with plenty of water. If irrigation persists, get medical attention and apply calcium gluconate gel (2.5%) and massage into the affected area.
Ingestion	Immediately drink plenty of water and a 1% aqueous calcium gluconate solution. Never give anything by mouth to unconscious persons. Do not induce vomiting.

4.2. Most important symptoms and effects, both acute and delayed

Overview	Will cause irritation to the eyes, skin, nose, throat, respiratory tract, mouth, and stomach. See section 2 for further details.
Eyes	Causes serious eye damage.
Skin	Causes skin irritation.
Ingestion	May be harmful if swallowed.

8.2. Exposure controls

Respiratory If workers are exposed to concentrations above the exposure limit they must use the appropriate, certified respirators.

Eyes Chemical resistant goggles must be worn.

Skin Apron/boots of butyl rubber are recommended if there is a risk of splashing. Rubber gloves, butyl rubber recommended.

Engineering Controls Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.

Other Work Practices Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

See section 2 for further details. - [Prevention]:
