TUFF GRIP CROSSLINKER

URETHANE ACTIVATOR

TECHNICAL DATA SHEET

CLICK TO LEARN MORE →

SlipDoctors® Tuff Grip Crosslinker urethane activator is designed to be used with our Tuff Grip anti-slip coating to create a high-performance slip-resistant coating with fast dry times. Tuff Grip + Crosslinker creates our exclusive Tuff Grip Extreme kit. Once mixed and applied, Tuff Grip Extreme will dry to a hard, durable surface within 4-6 hours and fully cures in 24 hours. Using the Extreme Kit results in faster dry times, increased chemical resistance and a more durable surface. The mixture can be used to coat both interior and exterior surfaces on metal, wood, machinery, trailers, ramps, and other surfaces where a high-performance coating is desired.

Product Characteristics and Benefits

Container Size	Pint
Product Type	High-Solids, high-viscosity urethane activator
Storage	Keep container tightly closed in a dry, cool, and well-ventilated area
Disposal	Dispose of container and unused contents in accordance with local, state, and federal regulations

Precautions & Limitations

- This product is exclusively formulated for use with SlipDoctors® Tuff Grip urethane coating.
- Do NOT use SlipDoctors® Tuff Grip Crosslinker in or with any other products that contain mineral spirits.
- Not for use with SlipDoctors® Tuff Grip Clear water-based formula.

Directions for Preparation, Application and Use

Read entire product label, Technical Data Sheet (TDS) & Safety Data Sheet (SDS) before using.

MIXING:

- Using a separate container, thoroughly mix one pint of Crosslinker with one gallon of SlipDoctors® Tuff Grip. Due to viscosity of Tuff Grip, mixing with an electric drill mixer attachment is recommended.
- Once mixed, material will have a pot life of 30 - 60 minutes.
- Refer to the Tuff Grip product label and/or Technical Data Sheet for warranty information, surface preparation, and application instructions for using Tuff Grip Crosslinker and Tuff Grip Extreme Kit.

Precautions & Technical Support

Please refer to Safety Data Sheet (SDS) for detailed Precautions and First Aid Instructions. Tuff Grip Crosslinker Safety Data Sheet can be found at www.slipdoctors.com
